ASP48MKUSX | DEFCONR MKL Cable Lock - 25 pack

The DEFCON® MKL Cable Lock 25pk is an ENTERPRISE ONLY product that includes 25 sturdy locking devices featuring a 6 foot steel cable with a pass through loop on one end and lock on the other end. Any attempts to remove one of the individual locks, will noticeably damage the computer, preventing resale and therefore discouraging theft. The locks utilize the security slot already built into your laptop computer. Each individual Key Lock also ships with two identical keys, giving you the peace of mind of a back-up key. The keys are different between each of the 25 included locks. The Master Keys are ordered separately to maintain security of the product. Contact your Targus Sales Manager to order your Master Keys. Registration of your company and product required.

Locks any computer, projector or LCD monitor equipped with a lock slot

Utilize the security slot already built into your laptop to attach this lock
